

GOD
HELPED ME
GROW
A
CARROT

By Jeffrey D. Harris

God helped me grow a carrot.

God made the ground.

I dug the hole.

He gave me hands.

I worked the hoe.

God made the seed.

I put it in the ground.

He gave me water.

I poured it all around.

God made the sun.

I pull the weeds.

God sends the rain.

He knows just what it needs.

God made it sprout.

I wait and dream.

God makes it grow.

He even makes it green.

God makes it bigger.

I hope it's not too late.

God makes it sweeter.

How much longer must I wait?

God makes it ripe.

I pick it fresh.

God made it great.

Carrots are the best.

THE END
